To whom it may concern

Forwarded to

D. OHNSTAD

This letter is to notify the county
of a dangerous curve on Luby Lane.
Four times my fence has been knocked down by
drivers that missed the curve.

Dec. 2008 front fence

May 2004 - front + back fence

Oct. 2003 - front fence

June - 2002 - front + back fence

Two times the drivers of the vehicles
came to my house to report these
accidents (Dec. 2008 + May 2004). Two other
times they got out of the ditch &
drove away.

These accidents are starting to form
a pattern. Both drivers that reported these
accidents to me, said that the corner comes
up very sudden + is a blind corner.

Therefore, I ask the county to "please"
post a speed limit sign on Luby Lane and
a danger sign on the corner at the
lower edge of my property. This corner
could be the site of a very serious
accident in the future.

Sincerely

Michael J. Lawson
